

BIOLOGY 2402

Human Anatomy and Physiology II

Welcome to A&P 2! This is where you'll find all the important information about this course.

TEXTBOOK: OPENSTAX ANATOMY AND PHYSIOLOGY

Your textbook is free and online. You can view it at OpenStax.org, or follow the link in the "Begin Here" section on Blackboard.

CONTACT INFORMATION:

INSTRUCTOR: JEREMY NICHOLSON OFFICE: S134
EMAIL: JNICHOLSON@SOUTHPLAINSCOLLEGE.EDU

Please note that I will answer e-mails as quickly as I can, usually within one business day. If you email me over the weekend, I'll get back to you on Monday. The best way to reach me, however, is in the Blackboard messaging system. Office hours are posted on the schedule

GRADES:

You will have five lecture exams and six lab quizzes through this course. The lecture exam grades are worth 70% of your grade, while the lab quizzes are worth 30%. The exam dates will be listed in the schedule, but are subject to change. There are no make-up exams offered, no grades dropped, and no extra credit opportunities.

ATTENDANCE:

Your attendance in this class is both required and essential. While you'll find videos of the lectures and slides on your Blackboard page, you cannot get all the information needed to pass your exams if you do not attend class. Your exams are given in-person as well, and there is no virtual option. Again, this class is a "face-to-face" class and is delivered as such.

ACADEMIC INTEGRITY:

The South Plains College policy regarding cheating and academic integrity can be found here: https://www.southplainscollege.edu/human_resources/policy_procedure/ff.php

ACCOMODATIONS:

If you require accommodations for any reason, please contact the Office of Disability Services to register for and request these accommodations.
